## RELEASE NOTICE: 3Rivers Online and Mobile Banking Updates

Friday, December 10, 2021

We recently made some updates to our mobile app! You'll now experience an enhanced user interface when making transfers and depositing checks. This update impacts all supported iOS and Android devices.

## **MOBILE ACCOUNT TRANSFER UPDATE**

The Transfers feature has a new look and the following updates:

- 1. A new "Make a Transfer" button—use this button to start transferring between accounts.
- 2. A new "Add Account" button—to send money between 3Rivers member accounts or add an external financial institutions account to transfer to.
- 3. View your recent transfer history from the transfer home screen.
- 4. The scheduled transfers screen has been streamlined so you can select the accounts, the amount to transfer, and set the date without clicking through multiple screens.

## **MOBILE CHECK DEPOSIT UPDATE**

The Mobile Check Deposit feature also has a new look and the following updates:

- 1. Enhanced ability to offer a full experience on tablets.
- 2. The history tab has changed to a "View Activity" button that contains past mobile deposit activity.
